

1) PITCAT Log-in = EZ Username

- The online card catalog for PIT Library
- Access items held in the Media Library

EZ Login should be the same username and password as your my.pit.edu

Helpful
Tips

Step 1 = PITCAT – Create an EZ Login

- To set-up your EZ Login credentials, log-in with your **my.pit.edu** username
- Your PIN is the LAST 4 characters of your username

ex. joe.smith@pit.edu

Username= "joe.smith"

PIN = "mith"

Log In to your Account

Log in with either your Library Card Number or EZ Login

Please use your P.I.T. username and password

Library Card Number or EZ Username

PIN or EZ Password

Remember Me

Log In

[Forgot your EZ password?](#)

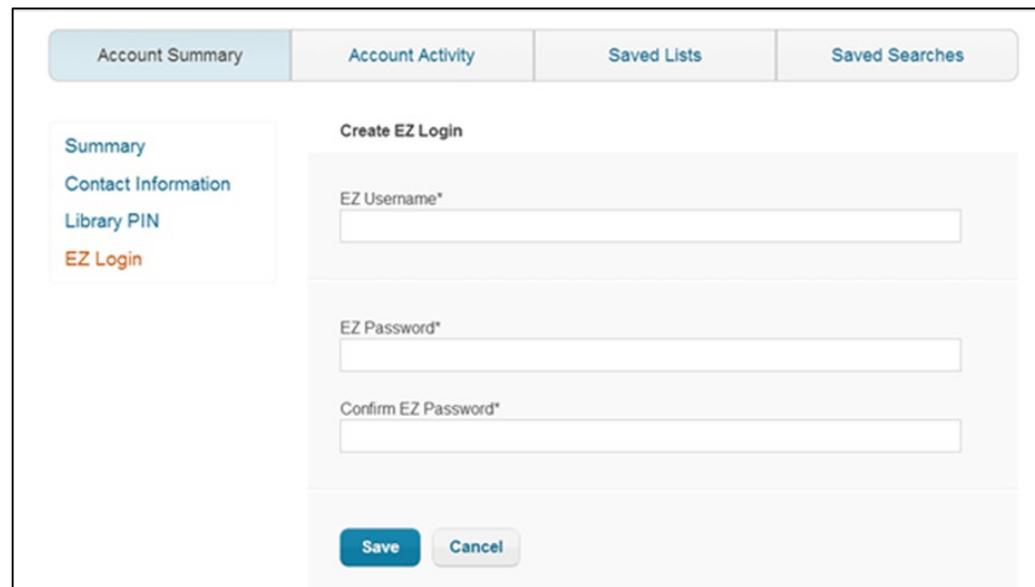

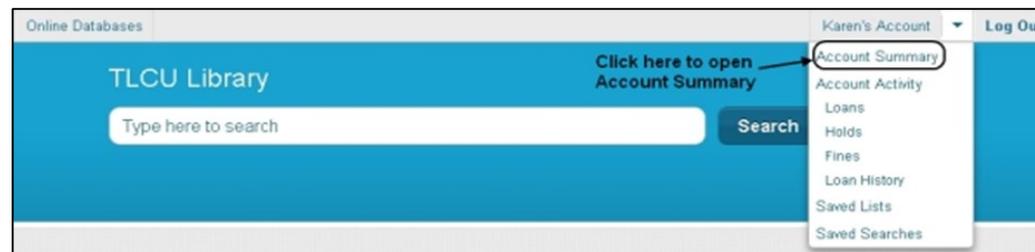

EZ Login should be the same username and password as your my.pit.edu

STEP 2 = Account Summary

Helpful
Tips

Setting-up EZ Username

- ▶ After you have logged into PITCat, click on your name in the top right hand corner to access your “**Account Summary**”. On the left side of the screen click **EZ Login** to open the **Create EZ Login** dialog.
 - ▶ **Note:** If you do not see the **EZ Login** option, but instead see **EZ Username** and **EZ Password**, you already have an established **EZ Login**. If you are not sure of your **EZ Username**, go to *Account Summary*. At the bottom of the screen, under the heading **EZ Login**, your **EZ Username** displays. View an [example](#) of the location of your **EZ Username**. Use this to reset your **EZ Password**. See [Reset EZ Password](#) for more information.

Step 3: Create EZ Username and Password

Create EZ Username & Password

1. Type your **EZ Username**. Your Username is case-sensitive and can be used with any combination of the following: uppercase letters, lowercase letters, symbols, and numbers;
 - for example, *B00kWorm*, *Luv2Read*, *MysTerE*.
2. Type your **EZ Password**. Your Password is case-sensitive and can be used with any combination of the following: uppercase letters, lowercase letters, symbols, and numbers;
 - for example, *ReadM0re*, *1luvBks!*, *123Read*.
3. Retype your **EZ Password** in the **Confirm EZ Password** box.
 - If you type two different passwords, a message appears advising, *Both password fields must match*. Re-type your password in both fields.
4. Click **Save**. A green banner displays at the top of the screen, *Your EZ Login has been created*. The **EZ Login** option on the **Account Summary** page is replaced with two new options, **EZ Username** and **EZ Password**. The screen changes to **Change EZ Username**.

The screenshot shows a web interface for creating an EZ Login. At the top, there are four tabs: 'Account Summary' (selected), 'Account Activity', 'Saved Lists', and 'Saved Searches'. On the left side, there is a sidebar menu with four options: 'Summary' (selected), 'Contact Information', 'Library PIN', and 'EZ Login'. The main content area is titled 'Create EZ Login' and contains three text input fields: 'EZ Username*', 'EZ Password*', and 'Confirm EZ Password*'. At the bottom of the form, there are two buttons: 'Save' (in a blue box) and 'Cancel' (in a grey box).
